Disability Access Information – Bartons North Wales Stadium

Holywell Town Football Club works hard to provide the best facilities we can for our disabled supporters and we are proud of being a club that is inclusive for all and have this season introduced a new fully functional wheelchair ramp into the Clubhouse. We are proud to promote inclusion and diversity within the stadium where all supporters can visit to enjoy their day in a safe, secure and welcoming environment. Whilst all of our stewards and match day staff are happy to help all fans, we also have a dedicated Disability Access Officer on hand to ensure that everyone is taken care of and has a positive match day experience.

Entrance. Access into the ground is situated at the Main Gate next to the Turnstile at the corner of the stadium between the clubhouse and the stand behind the goal.

Parking. Accessible Parking is available close to the main gate. We advise anyone planning to use this facility to contact our Disability Access Officer.

Viewing Areas. Accessible viewing areas are available for 6 wheelchairs in the designated area in the stand behind the goal, and also easy access seating in the front row of the stand behind the goal, close to the main entrance

Accessible Toilets. We have two accessible toilets at the ground, one situated in the Main Stand close to the halfway line, and one in the Clubhouse.

Assistance Dogs. We welcome assistance dogs at the Bartons North Wales Stadium and we can accommodate both home and away supporters with assistance dogs. Please contact us beforehand to make us aware if you would like to attend a match accompanied by an assistance dog.

There is usually no need to contact us to book tickets as you can pay at the gates. However, in the very rare occurrence that a fixture will be all-ticket, we advise you to contact our Disability Access Officer.

Contact Details:

Disability Access Officer: Christine Long 07398 195682

Club Secretary: Mr Steve Roberts 07843 574743
